POSITION

Financial and Management Accountant

Location: Lusaka, Zambia

Reports to: Financial Controller

COMPANY OVERVIEW

Klapton Reinsurance Limited is a leading reinsurance company committed to delivering innovative risk solutions and exceptional service to our clients. As part of our strategic growth into non-traditional reinsurance facilities, including collateralized reinsurance portfolios and MGAs, we are seeking a diligent and experienced Financial and Management Accountant to join our team. This role is critical in ensuring the financial health and operational success of these complex structures.

POSITION OVERVIEW

The Financial and Management Accountant will oversee the financial management and reporting for Klapton Re's collateralized reinsurance portfolio and other non-traditional facilities. The role includes ensuring accurate reporting, compliance with regulatory requirements, and efficient cash flow management. The successful candidate will work closely with underwriting, actuarial, and treasury teams to deliver robust financial insights and ensure operational efficiency.

Key Responsibilities

1. Financial Management

- Oversee the financial reporting and reconciliation of the collateralized reinsurance portfolio and MGAs.
- Ensure treaty agreements and collateral arrangements are executed and filed appropriately.

2. Reconciliations and Reporting

- Perform monthly reconciliations of trust bank accounts and collateral balances.
- Prepare accurate financial statements and cash flow forecasts for all non-traditional facilities.
- Monitor and reconcile business trackers with core underwriting and accounting systems.

3. Regulatory Compliance and Auditing

- Prepare regulatory returns and ensure compliance with local and international reporting standards.
- Provide timely and accurate responses to external and internal audit requests.

4. Cash Flow and Budget Management

- Manage cash flow for collateralized facilities, including collateral calls and payments.
- Track budget vs. actual performance and provide insights to improve efficiency.

5. Collaboration and Process Improvement

- Collaborate with underwriting and actuarial teams to facilitate smooth financial operations.
- Drive process improvements to enhance financial reporting accuracy and efficiency.

6. Management of True-Ups and Settlements

- Manage the true-up process upon the completion of treaty agreements.
- Ensure timely resolution of any discrepancies in financial records with brokers or counterparties.
